Plimoth Patuxet Museums • 137 Warren Ave, Plymouth, MA

RECIPE

Spicy Maple Roasted Butternut Squash & Brussels Sprouts with Crispy Bacon

Prep Time: 15 Minutes • Cook Time: 45 Minutes • Total Time: 1 Hour • Serves 6

Sweet and spicy maple roasted butternut squash with brussels sprouts and savory, crispy bacon. This filling, veggie-packed dish is perfect for a side dish or a main meal!

Ingredients

- 1 pound halved brussels sprouts, remove stems and outer leaves first
- 5 cups cubed butternut squash
- 2 tablespoons olive oil
- 2 tablespoons pure maple syrup
- 3 garlic cloves, minced
- 1 teaspoon cayenne pepper
- 1/2 teaspoon cinnamon
- 1/8 teaspoon ground cloves
- Freshly ground salt and pepper
- 4-5 oz uncooked bacon (either pork or turkey bacon will work)
- 1/2 cup dried cranberries
- 1/2 cup toasted pecans halves, chopped
- 1/2 cup your choice of gorgonzola crumbles, blue cheese crumbles, or goat cheese crumbles

Instructions

1. Preheat oven to 400 degrees F. Line a large baking sheet with parchment paper. Spread out brussels sprouts and butternut squash.
2. In a small bowl mix together the olive oil, maple syrup, garlic, cayenne, cinnamon, and cloves until well combined. Pour over the brussels and butternut squash.
3. Season generously with salt and pepper. Use clean hands to toss together. Then, spread out evenly on the baking sheet.
4. Roast in the oven for 15 minutes. Then, flip and roast for an additional 15 minutes until brussels turn a slight golden brown and squash is fork tender.
5. While the veggies are roasting, cook your bacon according to the directions on the package. Remember: you only need about 5 ounces (or about 4-6 slices).
6. Once done cooking bacon and it's crispy, transfer to a paper towel, and pat away the grease as much as possible. Then, chop the bacon, and set it aside.
7. Once the butternut squash and brussels are done roasting, transfer them to a large serving bowl, and gently fold in chopped bacon, dried cranberries, and toasted pecans. Garnish with your choice of crumbled cheese.

Letter from the President

Dear Valued Customer,

As winter approaches, we can all take a moment to be so grateful that we've made it through another year. There are so many things to be grateful for this year—the reopening of the economy and a semi-normal return to everyday life, but we know that we are still facing new challenges every day as our country diligently works past the ongoing Covid crisis. At Roby's Propane, we are happy and proud to continue providing you with exceptional service and affordable fuel, and we look forward to keeping you safe, comfortable, and most of all, warm, through another heating season this year. As always, we invite you to call our office any time to say hello or talk with us about any home-heating needs. You can also get in touch if you are interested in an employment opportunity, as we are currently looking to expand our staff.

If you've been keeping up with the news, you know that the fuel industry continues to experience some market volatility. The prices of oil, natural gas, and propane have been steadily rising over the last few months, and we completely understand how this unpredictability would concern you. Prices in the energy world are out of our control, and as the world market fluctuates, we want you to know that we steadfastly work to keep our fuel prices predictable and affordable because we know the value and importance of being able to get the fuel you need to keep comfortable and safe through the cold months of the year.

In this season's newsletter, you'll find important information about our services, essential safety information, and some fun news about local events that have caught our eye. Plus, we've included a fall recipe that's sure to become a family favorite if you give it a try.

We appreciate your taking the time to read our newsletter, and once again, we give our sincere thanks for trusting us with the safety of your family and home. We truly value our customers, and keeping you safe and warm has always been and continues to be our number one priority. This heating season, we look forward to providing the same excellence in service and quality that you've come to know and expect from Roby's Gas, and as always, get in touch with us if you need anything.

Sincerely,

Wayne Rutledge
President, Roby's Gas

IMPORTANT SAFETY INFORMATION FOR 2021

We at Roby's Propane Gas take pride in keeping your home or business protected. Thus, we are providing you with information regarding the use and storage of propane. While propane is a safe, reliable, and clean energy source, it is important that you are aware of these basic safety tips. Please familiarize yourself with the enclosed pamphlet titled *Important Propane Safety Information*.

Understanding how to properly use and store propane, as well as how to detect warning signs of a gas leak, can significantly reduce the risk of a propane-related mishap in your home or business.

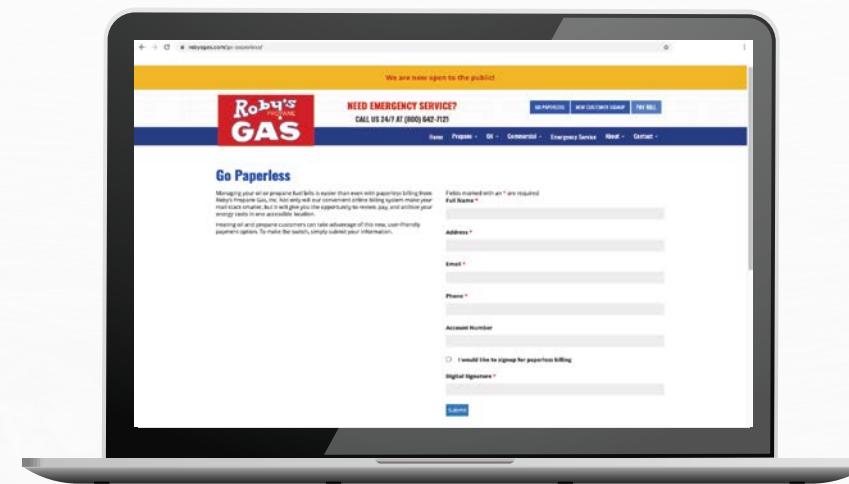

We hope that providing you with this information will also aid in keeping you and our fuel delivery drivers safe. If you have any questions regarding the enclosed propane safety material, please call us immediately, and we will be happy to assist you. Thank you for reviewing the enclosed safety information, and thank you for your business.

Review the full safety procedure and more household tips in the included *Important Propane Safety Information* brochure.

GO GREEN GO PAPERLESS

Not only will our convenient online billing system make your mail stack smaller, but using paperless, online billing will also give you the chance and time to review, pay, and archive your energy invoices in one accessible location at your convenience. Heating oil and propane customers can take advantage of this new, user-friendly payment option by visiting our website at robysgas.com/go-paperless.

**TO MAKE THE SWITCH TO PAPERLESS BILLING
all you have to do is simply submit your information, and
we'll get you set up.**

NO HEAT? NO PROBLEM!

NO HEAT CHECKLIST

- 1** Ensure that your thermostat settings are correct, and the batteries are fresh.
- 2** Check that no breakers are tripped, and all emergency switches are on.
- 3** If you heat with oil or propane, verify that you have fuel by checking your tank gauge.
- 4** Press your heating system's red reset button one time only—more than once can be dangerous.
- 5** Still no heat? Call Roby's Gas at (800) 642-7121 for emergency service.

WE'RE HERE TO HELP YOU

with all your oil and propane
gas heating needs! If you need
emergency heating assistance, be
sure to give us a call.

HELP OUT YOUR DELIVERY DRIVER THIS SEASON

Delivery drivers work hard to provide you with exceptional service and reliability. This heating season, be sure to do your part to make their jobs accessible; this means clearing your driveway and the path to your tank by shoveling snow, raking leaves, and removing other objects or debris that may be in the way. We look forward to serving you, and we thank you for doing your part, so we can keep providing you with excellent service and quality fuel.

ROBY'S DIESEL CENTER

Are you looking for convenient and affordable diesel? Look no further than Roby's Diesel Center! We proudly operate a diesel fueling station where you can pay to fill up your on-road diesel vehicles, propane cylinders, or motor home. You can find our conveniently located diesel fuel station at the junction of Routes 44 and 58 in North Carver, MA. Whenever you need a fill-up, simply stop in and fuel your commercial vehicles with the highest quality of diesel fuel. Our precisely blended diesel fuel is designed for the best performance of a variety of commercial vehicles and off-road diesel machinery.
