

THIS FALL CHECK OUT OUR LOCAL CRANBERRY GROWING CULTURE

The Carver and Plymouth, Massachusetts area has a rich, over 200-year-old cultural history surrounding our local cranberry growing industry and cranberry bogs. For centuries, the Massachusetts cranberry bog in our very own community has been a place where tradition meets the innovation of our rapidly evolving technological advancements. Roby's Propane Gas is thrilled to play a small role in helping out local cranberry farmers each season with grower support, fueling services, and more to keep farms powered and the cranberry industry running strong in our local Carver community and beyond.

This fall season, why not immerse yourself in the local growing culture with the various events, festivals, and recipes to add a bit of cranberry-themed excitement to your holiday season that's fun for the whole family? Experience the magic of the Crimson Harvest in our community by visiting Cranberries.org for more resources, event dates, cranberry dishes, and information to purchase locally grown cranberries and produce.

RECIPE OATMEAL CRANBERRY SANDWICH COOKIES WITH WHITE CHOCOLATE CREME FILLING

Add These Cranberry-Inspired Sandwich Cookies to Your Holiday Baking List!

Ingredients

For the cookies:

- 1 1/4 cups all-purpose flour
- 1/4 teaspoon salt
- 1/2 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/2 teaspoon ground cinnamon
- 1/2 cup unsalted butter (softened)
- 1/2 cup brown sugar
- 1/2 cup granulated sugar
- 1 large egg
- 1 teaspoon vanilla extract
- 1 1/4 cups old fashioned oats
- 1 cup of dried cranberries

For the White Chocolate Buttercream:

- 2 cups white chocolate chips
- 1 cup unsalted butter (softened)
- 3-4 cups powdered sugar
- 1 teaspoon vanilla extract
- 2 tablespoons milk or as needed

Recipe from twopeasandtheirpod.com

Instructions

1. To make the cookies, preheat the oven to 375 degrees F. Line a large baking sheet with a Silpat baking mat or parchment paper, and set aside.
2. In a medium bowl, whisk together the flour, salt, baking powder, baking soda, and cinnamon. Set aside.
3. Using a mixer, beat the butter and sugars together until smooth and creamy. Mix in the egg and vanilla. Slowly add the dry ingredients. Mix until just combined. Stir in the oats and dried cranberries.
4. Roll cookie dough into tablespoon size balls, and place on prepared cookie sheet. Bake for 10 minutes or until light golden brown. Let cookies cool on the baking sheet for two minutes. Transfer to a cooling rack, and cool completely.
5. While the cookies are cooling, make the white chocolate buttercream. Place white chocolate chips in a microwave-safe bowl, and heat in 30-second intervals until chips begin to melt, about 1 minute. Stir and repeat, heating chips about 10 seconds at a time until thoroughly melted. Stir until chocolate is smooth and no more lumps remain. Beat butter with an electric mixer on medium speed in a mixing bowl until fluffy. Beat in half of the powdered sugar, melted white chocolate, vanilla, and milk until mixture is smooth and creamy. Slowly beat in remaining powdered sugar until smooth; if frosting is too stiff, add in a little more milk.
6. To make the sandwich cookies, spread or pipe white chocolate buttercream on the inside of one cookie. Top with another cookie. Continue making sandwich cookies. Store cookies in an air-tight container at room temperature.

Note: You can keep any leftover buttercream in the fridge for up to a week.

Roby's PROPANE GAS

Fall/Winter 2022

Letter from the President

Dear Valued Customer,

The fall of 2022 is officially here, and we at Roby's Propane Gas are excited to support our local Massachusetts community. As the winter approaches, our commitment to providing you with the fuel you need to keep your home and business running is at the forefront of everything we do. With dependable propane and heating oil delivery, expert equipment installations and service, and support for commercial businesses like our local cranberry growers here in the Bay State, you can count on Roby's Propane for all of your energy needs.

As the weather cools down, we're all thinking about the best way to save during the heating season. You can rest assured that Roby's is doing everything we can to secure the best possible propane and heating oil rates for our valued customers. With the energy market facing unfortunate inflation, we acknowledge that we have very little control over fuel prices but are working our hardest to help our customers save by offering valuable price-reducing opportunities to keep heating your home and fueling your business as affordable as possible this season. Check out our website at RobysGas.com for important cost-saving information about our propane and heating oil payment plans.

In this season's newsletter, you'll find important information about our online services, essential propane safety information, and some fun news about local events you can partake in this season near your local cranberry bogs. Plus, we've included a cranberry-inspired recipe for you to add to your fall holiday baking list.

This fall season, we want to extend the warmest thanks to you. Because of your continued support of Roby's Propane Gas, we can better protect and power your Massachusetts home, community, and local businesses with the responsiveness, dedication, and professionalism you deserve year after year. As always, we look forward to providing the same excellence in service and quality that you've come to know and expect from Roby's Gas this heating season. In need of reliable heating services and fuel delivery? Don't hesitate to give us a call.

Sincerely,

Wayne Rutledge
President, Roby's Gas

IMPORTANT SAFETY INFORMATION FOR 2022

At Roby's Propane Gas, we're here to help make sure that your home or business in the South Coast and Cape Cod is well-protected. To achieve this goal, we do our best to provide you with updated safety information regarding the use and storage of propane gas. Here in Massachusetts, propane powers our homes, appliances, and our work. While propane has remained one of the safest, most reliable, and cleanest energy sources that you can count on year after year, it's essential you stay informed about these basic propane safety tips. Be sure to familiarize yourself with the enclosed pamphlet titled *Important Propane Safety Information*.

Understanding how to properly use and store propane, as well as how to detect warning signs of a gas leak, can significantly reduce the risk of a propane-related mishap in your home or business.

We hope that providing you with this information will also aid in keeping you and our fuel delivery drivers safe. If you have any questions regarding the enclosed propane safety material, please call us immediately, and we will be happy to assist you. Thank you for reviewing the enclosed safety information, and thank you for your business.

Review the full safety procedure and more household tips in the included *Important Propane Safety Information* brochure.

DON'T GET LEFT OUT IN THE COLD!

NO HEAT CHECKLIST

- 1 Ensure that your thermostat settings are correct and the batteries are fresh.
- 2 Check that no breakers are tripped, and all emergency switches are on.
- 3 If you heat with propane or oil, verify that you have fuel by checking your tank gauge.
- 4 Press your heating system's red reset button one time only—more than once can be dangerous.
- 5 Still no heat? Call Roby's Gas at **(800) 642-7121** for emergency service.

WE'RE HERE TO HELP YOU
with all your propane gas and oil heating needs! If you need emergency heating assistance, be sure to give us a call.

GREAT SERVICE IS RIGHT AT YOUR FINGERTIPS

With such a busy holiday season approaching, powering your home should be as simple as possible. That's why Roby's has made it possible to manage your Roby's Propane Gas account and pay your bill right from our website, no matter where you are! Our online services make achieving your energy goals easier than ever.

Visit us at RobysGas.com now to take advantage of these easy-to-use online service benefits.

TIPS FOR WINTER

HELP OUR DELIVERY DRIVERS!

Delivering your fuel on time and efficiently is our priority. During the fall and winter season, help us achieve our goals of keeping you safe and warm by preparing your home for propane or oil delivery. Please be sure to clear delivery pathways, shovel snow from your driveway, and make sure your tank or fill pipe is as accessible as possible, so we can efficiently get you the propane or heating oil you need.

Regular plowing and shoveling is important to maintain throughout the winter. Help keep our drivers safe by keeping your driveway and necessary access paths clear of snow and ice. For seasonal residents, finding a caretaker can help to ensure your Massachusetts home stays safe during the heating season.

Please Note: If your access ways are not clear, we may not be able to deliver your fuel. Roby's is not responsible for a fuel run-out or no-heat situation.
