### Frosted Pumpkin Cranberry Bars

Recipe & photo credit: TasteofHome.com

Prep time: 15 min. Bake time: 20 min. Makes: 4 dozen

#### Ingredients

- 1½ cups all-purpose flour
- 1¼ cups sugar
- 2 tsp. baking powder
- 2 tsp. ground cinnamon
- 1 tsp. baking soda
- ½ tsp. ground ginger
- 3 large eggs, room temperature
- 1 can (15 ounces) solid-pack pumpkin
- ¾ cup butter, melted
- ¾ cup chopped dried cranberries

#### Brown Butter Frosting

- ½ cup butter
- 4 cups confectioners' sugar
- 1 tsp. vanilla extract
- 4 to 6 tbsp. whole milk
- Additional dried cranberries, optional

#### The Best Part

1. In a large bowl, combine the flour, sugar, baking powder, ground cinnamon, baking soda, and ground ginger. In a separate bowl, whisk together the eggs, pumpkin, and butter. Stir the wet mix into the dry ingredients until well combined, then stir in cranberries.

2. Spread into a greased pan measuring 15" x 10" x 1". Bake at 350° for 20-25 minutes or until a toothpick inserted into the center comes out clean. Cool on a wire rack.

3. To make the frosting, cook butter over medium heat in a large heavy saucepan for 5-7 minutes or until golden brown. Pour into a large bowl; beat in the confectioners' sugar, vanilla, and enough milk to achieve spreading consistency. Frost the bars. If desired, sprinkle finely chopped dried cranberries on top.

# Roby's PROPANE GAS

Fall/Winter 2019

## Welcome, Fall!

Dear Valued Customer,

Another summer has come and gone, and the time has come to start preparing for the winter. As we put away our barbecue and get our winter shovels out of the shed, we are proud to look back on another successful season.

As we transition into the colder season, we'd like to take a moment to remind you that our home comfort team is always here for you, 24/7. Our commitment to our customers is unmatched, and we strive for the opportunity to prove that to our customers everyday. To get in touch, please feel free to give us a call at (800) 642-7121. Our dedicated staff are ready and waiting to assist you.

As winter approaches, you can contact us at any time if you feel you have a safety issue, need maintenance or any equipment repair. Your home comfort and safety is and always will be our top priority. We look forward to hearing from you.

Warm regards,

Wayne Rutledge  
President, Roby's Gas

## Our Customers Love Roby's!

*"I have dealt with Roby's for Propane gas and burner service for over 30 years. I've always found them to be honest and professional. Their service rates are certainly reasonable and their technicians are very capable." —Paul F.*

*"They have been wonderful to work with, both for a stove install and then ongoing propane service. Friendly, professional, and responsive to my needs." —Vicky S.*

**If you know someone who would benefit from becoming a Roby's customer, we'd be honored if you would refer them to our website, [RobysGas.com](http://RobysGas.com).** It's our goal to deliver home comfort and safety to even more families and businesses in Southeastern Massachusetts in the coming years.

# IMPORTANT SAFETY INFORMATION FOR 2019

We at Roby's Propane Gas take pride in keeping your home or business protected. Thus, we are providing you with information regarding the use and storage of propane. While propane is a safe, reliable, and clean energy source, it is important that you are aware of these basic safety tips. Please familiarize yourself with the enclosed pamphlet titled *Important Propane Safety Information*.

Understanding how to properly use and store propane, as well as how to detect warning signs of a gas leak, can significantly reduce the risk of a propane-related mishap in your home or business. In providing you with this information will also aid in keeping you and our fuel delivery drivers safe. If you have any questions regarding the enclosed propane safety material, please call us immediately and we will be happy to assist you.

Thank you for reviewing the enclosed safety information, and thank you for your business.

**Review the full safety procedure and more household tips in the included [Important Propane Safety Information](#) brochure.**

## Propane Safety Q&A

### WHAT DOES PROPANE GAS SMELL LIKE?

Propane gas is naturally odorless, but an odorant is added to help make it more detectable. It has a strong smell and resembles skunk, rotten egg, or dead animal.

### WHAT SHOULD I DO IF I SMELL GAS?

If you suspect a gas leak, here are the steps you should take:

1. Evacuate the building, extinguishing flames and not operating any electronics or appliances.
2. If it's safe to do so, turn the supply valve on your propane tank clockwise to turn it off.
3. From a safe distance, call Roby's Gas or 911 immediately to report the leak. Do not return to your home until a propane professional has deemed it safe.

**Roby's is available 24/7 for your propane needs.  
Call (800) 642-7121.**

## Have questions?
